

A.P. **Vet**<sup>LTD</sup>

Veterinary Acupuncture,  
Physiotherapy and  
Herbal Medicine

## *Faecal egg and worm count for pets*

*Wormers don't actually  
prevent worms; they only  
treat current infections.*

If you want to avoid using drugs unnecessarily, faecal egg counts and lungworm testing are available for dogs and cats. You will only need to treat if the test is positive. A.P.Vet Ltd. can get the sample

*Special Offer: Help us map worms –  
20% discount within 40 miles of HR2*

*Price FEC and Lungworm test: GBP 29.99  
Discounted rate: GBP 23.99*

kit posted to you, including a freepost returns envelope. We will then report results to you and if positive to your vet.

Further advice regarding treatment can be available, but we don't sell wormers and Lungworm medication requires a prescription.
