Dr. med. Vet. Iris Ege MRCVS CVA, holistic vet, and Sue Nevill-Parker, experienced trainer for riders & horses will:

- Look at old & new ideas, often promoted by trainers from grassroots to advanced levels, from a fresh perspective
- Equip you with valuable knowledge on the complex subject of anatomy & biomechanics
- Sift out myths & identify genuine approaches to working your horse in an holistic way, recognising when remedial treatments may have become necessary

Veterinary Acupuncture,
